

Hannah Knipe

Hannah started to fundraise for the A-T Society in 2019, she began by organising a family fun day with a boot camp. Hannah had big ideas and didn't let anything get in the way of these. She started by inviting friends and family to come and enjoy a day of fun and circuit sessions in her garden. Lots of people turned up and a fantastic day was had by all. The weather stayed mostly dry and the event was able to take place in the garden as planned. Overall Hannah raised over £1,300 on the day!

Hannah was motivated to start fundraising by her friend's daughter who was diagnosed early 2019 with A-T. Hannah saw how the whole family was then affected by this cruel condition and wanted to be able to give something back to the A-T Society after they had been so quick to offer support after the diagnosis.

Shortly after the event took place Hannah contacted the A-T Society to share her big plans for her next fundraiser.
